Dear Andrew  
Re Planning Enforcement matters

Further to my facsimile earlier this week: My comments that the witnesses would be contacted were not idle ones, or intended to cause mischief.

Well they have !.

1. Mr A Kolokotroni called by yesterday and informed me that " on the evening of the 1st the day of the hearing, ~~Mr~~ Ellis called him and stated that he understood that he was a witness for Johnson. What did he have to say about the matter. He responded by telling him he was going to state the truth about the land about my cottage, and only that. Ellis told him that there would be trouble if he did, that he didn't need to be a witness he didn't have to show up at the trial (as he put it) that he could tell them that he was ill and couldn't be there.,

2. Mr Dave Lomax, called by to say that as I had advised him he would be contacted, that Ellis had phoned him on the evening of the 2<sup>nd</sup>. He asked him why he was being a witness for Johnson, you know that he is up to no good as he couldn't now get to his place when it floods because of what I had done. That he had seen him and Bardsley outside my place, what was we talking about. If he was a witness what was he going to state. Dave Lomax told him that he had volunteered to act and would clarify that the land was garden and that it was the development of the fish farm that had caused all the trouble and not me. Ellis was most unhappy and advised him that there would be trouble over it. He stated that if Bardsley was going to be a witness that the bastard was a turn coat.

It is a pity that there are people around who have to act in this way. They are just plainly evil and vicious. I only wish that I could get a record of what has and is going on behind the scenes; I would take great pleasure in exposing Barnston and Smith and his boss in planning and the LPA for there actions.

This is one of my attempts at typing, so I am improving as the days and weeks go by. Hopefully over the next few weeks I can progress to two fingers and speed up a little,

Hope that things are progressing speedly

With regards

  
Peter J Johnson.
